Step 1 Fish Health and Weight Check Screen

This screen captures both fish health details and weight check details. It can be used for weight checks only or fish health checks.

The screenshot shows a software window titled "Fish Health" with a blue title bar and standard Windows window controls. The interface has a light beige background and is divided into several sections. At the top, there are four tabs: "Details" (selected), "AGD/GILL", "Weight Checks", and "Health Sample". Below the tabs, there are input fields for "Fish ID" (with a question mark icon), "Date" (set to 21/05/2006), and "Check Type" (set to (None)). To the right, "Fish Count" is displayed as "0" in a red box. Below these fields, there are fields for "Total Fish Checked", "Checked By" (with a question mark icon), and a "Comment" field with a right-pointing arrow icon. An "Archive" dropdown menu is set to "No". At the bottom of the main area, there are two buttons: "Lab Analysis" and "Fish Health Details". The footer contains a row of buttons: "Calculate Weight", "Vicass Wizard", "Save", "Find", "Delete", "Reset", "Print", "Refresh", "Cancel", "Help", and "Import". There are also four small navigation icons (left arrow, right arrow, double left arrow, double right arrow) and a keyboard icon.

For entering in Fish Health details use the AGD/Gill Tab Screen

Salmon Assist

The screenshot shows a software window titled "Fish Health" with a blue title bar and standard window controls. The interface has a tabbed menu at the top with "Details", "AGD/GILL", "Weight Checks", and "Health Sample". The "Weight Checks" tab is active, displaying the "WEIGHT CHECK DETAILS" section. This section includes several input fields and controls: "Weight Method" is a dropdown menu set to "[None]"; "Avg Live Weight (g)" is an empty text box; "Adjustment Factor %" is an empty text box; "Weight Check (g)" is a text box containing "0.00" with a yellow highlight; "Accept Weight Check" is a dropdown menu set to "(-)"; "Reason for Rejection" is a large text area with a ">>" button on the right; "Est Start Weight (g)" is an empty text box; and "Calc Start Weight (g)" is a text box with a yellow highlight. At the bottom of the window, there are two buttons: "Calculate Weight" and "Vicass Wizard". Below these are four small navigation buttons: "K", "<", ">", and ">I". At the very bottom, there is a row of buttons: "Save", "Find", "Delete", "Reset", "Print", "Refresh", "Cancel", "Help", and "Import".

If the fish has had its flesh sampled to be take to an external laboratory then use the Health Sample Tab Screen
